

HOIST / PEOPLE & MATERIAL

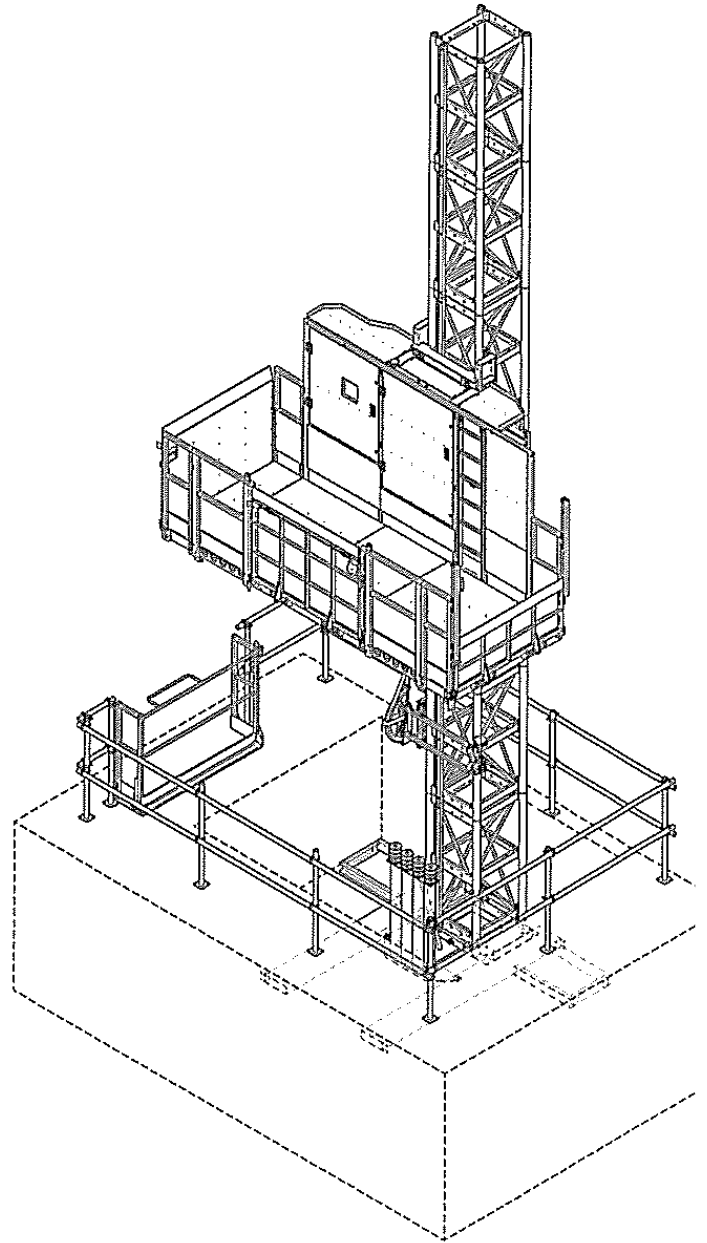

2337C

PEGA

Our dedicated materials hoist has a 2.3t capacity with a 3.7m long car and open top. This capacity and configuration provide outstanding flexibility for the vertical transportation of a wide range of materials. Moving at around 35m per minute, this mid speed hoist was used for the refurbishment of the Cairns Hospital refurbishment and the major renovation at 300 Adelaide Street in Brisbane.
